Friends. Community. Family.

## Spring Soirée

April 27, 2024

## About School on the Green

We are a non-profit, non-denominational, Parent-cooperative preschool located in the charming town of Litchfield, CT. Our school stands out as a unique learning haven, offering a vibrant and enriching environment where parents actively participate in their children's early-education journey.

At School on the Green, we believe in the power of collaboration between educators and parents to create a nurturing and stimulating atmosphere for our little learners. As a parent-cooperative preschool, we embrace the idea that parental involvement is key to a child's holistic development. Together, we foster a sense of community and shared responsibility, creating a dynamic space where children can thrive academically, socially, and emotionally.

Our commitment to providing a beautiful setting extends beyond our physical surroundings to the relationships we build within our close-knit community. We understand the importance of a positive and engaging learning environment, and our dedicated team of educators, along with involved parents, work hand in hand to create an atmosphere where curiosity is sparked, creativity is encouraged, and a love for learning is cultivated.

## About the Spring Soirée Fundraiser

Join us at **Clubhouse Provisions at Stonybrook Golf** on **April 27th, 2024**, for an evening of celebration and support.

This adult-only event includes live music, an open bar and food, a silent auction, raffles, and an opportunity to connect with fellow supporters, current families, and alumni parents.

## Why Support

**Associate your brand with a well-established and respected institution** that has been a pillar of the community for 50+ years. Be a crucial part of this event by becoming a sponsor.

As a non-profit, cooperative preschool determined to **keep tuition affordable for local families**, we rely on the volunteer efforts of our parents and donations from friends like you. Your generosity will **make a difference in our community** by allowing us to continue our work and to reach our full potential as our students' first stop on their long road of education and success.

In addition, you will be making a tax-deductible contribution.
